Completing the Match Results 1914-15

On the next page are Huddersfield Northern Union Rugby Football Club's match results for the 1914-15 season. This is the season when Huddersfield won all four trophies and their team became known as the 'Team of all Talents'.

The table has 10 pieces of missing information. Write the missing information into the blank spaces. Where information is missing from the final column use the following key:

W = won by Huddersfield; L = lost by Huddersfield; D = drawn

Where the number of points scored by one of the teams is missing work out what the missing number must be from the result of the match.

They are in a table with the following headings:

- 'Date', giving the month, day of the week and date in the month on which each match was played.
- 'Opponents', giving the name of the team that Huddersfield played against.
- 'Venue', telling whether the match was at home on Huddersfield's ground at Fartown, or away on the ground of the other team. For home matches the opposition team and the word 'HOME' are written in capital letters
- 'Points For', telling how many points Huddersfield scored in each game.
- 'Points Against', telling how many points the other team scored against Huddersfield.
- 'Result', telling by the letters 'W', 'D' and 'L' whether Huddersfield won, drew or lost each game.
- Championship and Yorkshire League Matches (*matches counted towards both competitions)
- Yorkshire Cup Matches
- Challenge Cup Matches
